

A Y Dadabhai Technical Institute, Kosamba

Report on faculty visit to The Big Show-2017 & Solar Expo-Rajkot

The Big Show Rajkot 2017 and SOLAR EXPO-RAJKOT was Jointly Organized by Infocom World and National Solar Energy Federation of India at Race Course Ground, Rajkot From 19th to 22nd February 2017.

Jointly Organized By :

infocom World
THE FOURTH DIMENSION

A team of **5 faculty members from Mechanical & Electrical Engineering Department** visited this mega event on **20th February, 2017** to find out about new edge technology in the field of solar energy utilization. Numbers of stall were set-up by manufacturers & vendors showcasing wide range of products utilizing solar power. The mega event also had stalls displaying many products along with new technology in the field of manufacturing, for which Rajkot is famous for.

As our Institute is planning to set-up solar power plant at the institute premise & also start solar based short term courses, this visit was helpful in enhancing the knowledge about solar technology & products through consultation with different manufacturers & vendors.
