ABOUT NAMTECH

NAMTECH (New Age Makers' Institute of Technology), a not-for-profit educational initiative by ArcelorMittal Nippon Steel India (AM/NS India), is a pioneering global institution driving innovation in Manufacturing Engineering and Technology (MET).

Positioned at the forefront of India's industrial transformation, NAMTECH offers cutting-edge two-years techno-managerial master programs for engineering graduates in fields such as Smart Manufacturing, Semiconductor Manufacturing, Advanced Robotics, Sustainability, Automotive Engineering, and Data Analytics & AI.

The institute emphasizes responsible innovation, and the development of techno managers—professionals who integrate sustainability, inclusivity, and ethical responsibility into their approach to innovation.

REPORT ON AWARENESS SESSION ON SKILL DEVELOPMENT OPPORTUNITIES

An awareness session on Skill Development Opportunities was successfully conducted at A.Y. Dadabhai Technical Institute, Kosamba, Surat. The program was organized to provide students with insights into emerging career opportunities and industry-oriented skill development programs.

The session began with a warm welcome address delivered by Mr. M.A. Sheikh, who greeted the guests and participants and highlighted the importance of such awareness programs for students' career growth.

Following this, Mr. K.H. Patel, Head of the Mechanical Department, honored Mr. Keyur Surati (Senior Lecturer, NAMTECH) with a bouquet and memento as a token of appreciation. Similarly, Mr. Jaykumar Supat (Lecturer, NAMTECH) was welcomed by Mr. Ritesh Patel, Lecturer from the Mechanical Department.

Mr. K.H. Patel, Head of the Mechanical Department, honored Mr. Keyur Surati (Senior Lecturer, NAMTECH) with a bouquet and memento

Mr. Jaykumar Supat (Lecturer, NAMTECH) was welcomed by Mr. Ritesh Patel, Lecturer from the Mechanical Department.

The technical session was primarily conducted by Mr. Keyur Surati, who provided detailed information about NAMTECH, including:

- * Various career-oriented courses offered under CSR initiatives
- * Advanced laboratory facilities and infrastructure
- * Training methodology and industry exposure
- * Placement opportunities and success outcomes

The session was highly informative and helped students understand the importance of skill-based education in fields such as automation, robotics, and semiconductors.

A total of 65 final-year students and 5 faculty members actively participated in this workshop. The session proved to be very beneficial, enhancing students' awareness about modern technical education pathways and employment opportunities.

The program concluded with a vote of thanks, expressing gratitude to the guest speakers and all participants for making the event successful.

Overall, the session was engaging, insightful, and valuable for students' future career planning.
