A.Y.Dadabhai Technical Institute Kosamba, Surat

On 17th January 2026, A.Y. Dadabhai Technical Institute, Kosamba successfully organized a Campus Placement Drive for the Electrical Engineering Department. The invited organization for the drive was Electrical Research and Development Association (ERDA), Vadodara, a reputed institution in the field of electrical testing, certification, and research services.

The institute had the privilege of welcoming Mr. Mehul Patel (HR) and Ms. Aastha Balgamiya (HR Team Member) as the official representatives from ERDA. The program commenced with a warm welcome ceremony. Mr. Mehul Patel was welcomed by Mr. M. S. Dinath, while Ms. Aastha Balgamiya was welcomed by Mrs. Sneha Manik, expressing sincere gratitude for their presence and support.

Following the welcome session, Mr. Mehul Patel delivered an informative and inspiring company presentation. He provided detailed insights into ERDA's organizational profile, key areas of operation, growth opportunities, and career prospects for diploma electrical engineers. The session proved highly motivating for the students and offered valuable exposure to industry expectations and professional development pathways.

A.Y.Dadabhai Technical Institute Kosamba, Surat

After the pre-placement presentation, the selection process was conducted through technical interviews and interaction sessions, allowing students to demonstrate their technical knowledge, practical skills, and communication abilities. The recruitment activity provided students with an excellent opportunity to interact directly with industry experts and understand real-world professional requirements.

The successful organization of this campus placement drive reflects the institute's continuous efforts to bridge the gap between academia and industry through strong industry collaboration and career-oriented initiatives undertaken by the Training and Placement Cell.

The institute expresses its sincere appreciation to ERDA for their valuable support and extends heartfelt congratulations to the participating students while wishing them success in their future professional endeavors.
